RE: Hearing Application
6,450' Zone, Reservoir A SUA
Reddell Field
Evangeline Parish, Louisiana
Applicant: Indian Exploration, Inc.

Dear Mr. Commissioner:

In accordance with the Rules of Procedure for Conducting Hearings Before the Commissioner of Conservation for the State of Louisiana, application is hereby made on behalf of Indian Exploration, Inc. for the calling of a public hearing, after legal notice, to consider evidence relative to the issuance of an order pertaining to the following matters relating to the 6,450' Zone, Reservoir A in the Reddell Field, Evangeline Parish, Louisiana.

1. To create a single drilling and production unit of approximately 90 acres designated as the 6,450' RA SUA, Reddell Field, Evangeline Parish, Louisiana, all as shown more particularly on the attached plat;
2. To establish rules and regulations governing the exploration for and production of oil and gas from the said unit;
3. To force pool and integrate all separately owned tracts, mineral leases and other property interests within the unit so created, with each tract sharing in unit production on a surface acreage basis of participation;
4. To designate a unit well at an exceptional location, and alternate unit well and unit operator for the proposed unit created herein.
5. To consider such other matters relating to the subject reservoir as may be appropriate and justified by the evidence presented at the public hearing.

The 6,450' Zone in Reddell Field, Evangeline Parish, Louisiana is hereby defined as that interval from 6,454' - 6,372' MD (6,327' - 6,591' SS) in the Indian Exploration, Inc. (Woods Petroleum Corp.) - Joseph M. Haas No. 1 well located in Section 22 Township 4 South, Range 1 West.

In accordance with the Rules of Procedure for Conducting Hearings Before the Commissioner of Conservation of the State of Louisiana, the Commissioner of Conservation, the District Manager of the Lafayette District of the Office of Conservation and all interested owners, represented parties and interested parties known to the applicant after a reasonable search were notified in writing in the pre-application notice date January 17, 2006. A conference was held on February 6, 2006 at the Petroleum Club, Lafayette, Louisiana to discuss the proposed application. Mr. Holmes Smart presented the Indian Exploration, Inc. plan. Questions were asked and answered. Mr. Jim Hardwick presented a plan for a landowner, Mr. Joe Haas which limited the unit to the Haas property. As of this time, no resolution of the two plans has been made.

Additionally, it has been noticed that a few of the wells were not properly located on our maps at the conference. In correcting those locations slight changes were necessitated in contouring, thus the unit configuration is slightly different. Should anyone care to discuss this matter, please notify the signee of this application.

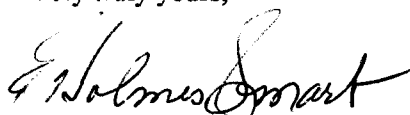

Attached hereto and made a part hereof is a plat outlining the 6,450' RA SUA, Reddell Field, Evangeline Parish, Louisiana, and a list of the names and addresses of the interested owners, represented parties and interested parties to whom this notice is being sent. It is hereby certified that a reasonable effort was made to ascertain the names and addresses of all interested owners, represented parties and interested parties.

A copy of the list of the names and addresses of the interested owners, represented parties and interested parties is not being mailed to those parties along with this pre-application notice. Should any such party desire a copy of this list, however, we will be glad to provide one upon request.

Any pertinent data relating to the proposed unit can be obtained, AT THE COST OF THE REQUESTING PARTY from Mr. Holmes Smart, 200 Audubon Blvd., Bldg. 28, Lafayette, Louisiana 70503 (337) 232-4031.

Finally, there is enclosed herewith our check on behalf of the applicant in the amount of \$755.00, made payable to the Office of Conservation, representing the required hearing application fee.

Very truly yours,

E. Holmes Smart
